W-K Industries Limited has been providing environmentally friendly products since inception in 1991 and continues to do so today.

We have always stood behind our products quality and workmanship, and as a result, we will start to include the following label on all of our products to show our on-going commitment to protecting the environment.

Air-Up Series Jacks

A TRUE 'GREEN' PRODUCT Environmentally Friendly

The Air-Up jack operation is "all-air", using no hydraulics. This ensures that there are no messy oil spills to clean up which allows for a safer working environment, a reduction in accidents, reduction downtime, and overall – environmentally friendly.
