

S³ mobile column lifts

- 18,000lbs capacity
- interactive touch screen pad
- variable lift speed (as fast as 67" p/m)
- real time lift height
- fault finding diagnostics
- touch screen mode selection

Technical Specifications

Features		
Capacity per column	lbs	18,000
Capacity per set of 4 columns	lbs	72,000
Capacity per set of 6 columns	lbs	108,000
Lifting height	inches	70
General Dimensions		
Base width	inches	49
Column length	inches	43
Column height	inches	100
Lifting Speed		
Fast speed	inches/min	43 1/4
Slow speed	inches/min	27 1/2
Speed with no load	mm/min	67
Additional Data		
Power per motor	kW	3 kW
Supply voltage	50-60 Hz	V 220/440v
Primary column weight	lbs	870
Secondary column weight	lbs	849
Noise level	dB	<75dB
