11	1300 Litres	72"	48"	30"
11	1500 Litres	84"	48"	30"
11	2500 Litres	84"	60"	42"
11	5000 Litres	156"	60"	42"

General Information

HASSCO Containment Units offer a practical and cost effective way to upgrade your existing tank to meet new government and industry regulations for secondary containment. Potential tank leaks and overfills are safely contained within the unit, saving the environment and you from liability and clean-up costs. Adaptable to most existing tanks HASSCO has fitted all containment units with rain shields to keep your tank covered and relatively dry, all piping, pumps and vents are easily accessible through these shields.

Options

- Extra lifting lugs can be easily added
- Custom Finishes
- Custom sizes
